# Questions

This presentation contains forward-looking statements with regard to the financial position and results of Heineken's activities. These forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from those expressed in the forward-looking statements.

Many of these risks and uncertainties relate to factors that are beyond Heineken's ability to control or estimate precisely, such as future market and economic conditions, the behaviour of other market participants, changes in consumer preferences, the ability to successfully integrate acquired businesses and achieve anticipated synergies, costs of raw materials, interest rate - and foreign exchange fluctuations, change in tax rates, changes in law, change in pension costs, the actions of government regulators and weather conditions. These and other risk factors are detailed in Heineken's publicly filed annual reports.

You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this presentation. Heineken does not undertake any obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date of these materials.

Market share estimates contained in this presentation are based on outside sources such as specialised research institutes in combination with management estimates.
